COMMODITY HIGHLIGHTS

The average price of Local chicken across the markets drops by Shs 650 both on Retail and Wholesale. Traders attribute this to high supply by traders from the assembly markets and also the few bulk buyers in the market hence the drop in the prices of local chicken.

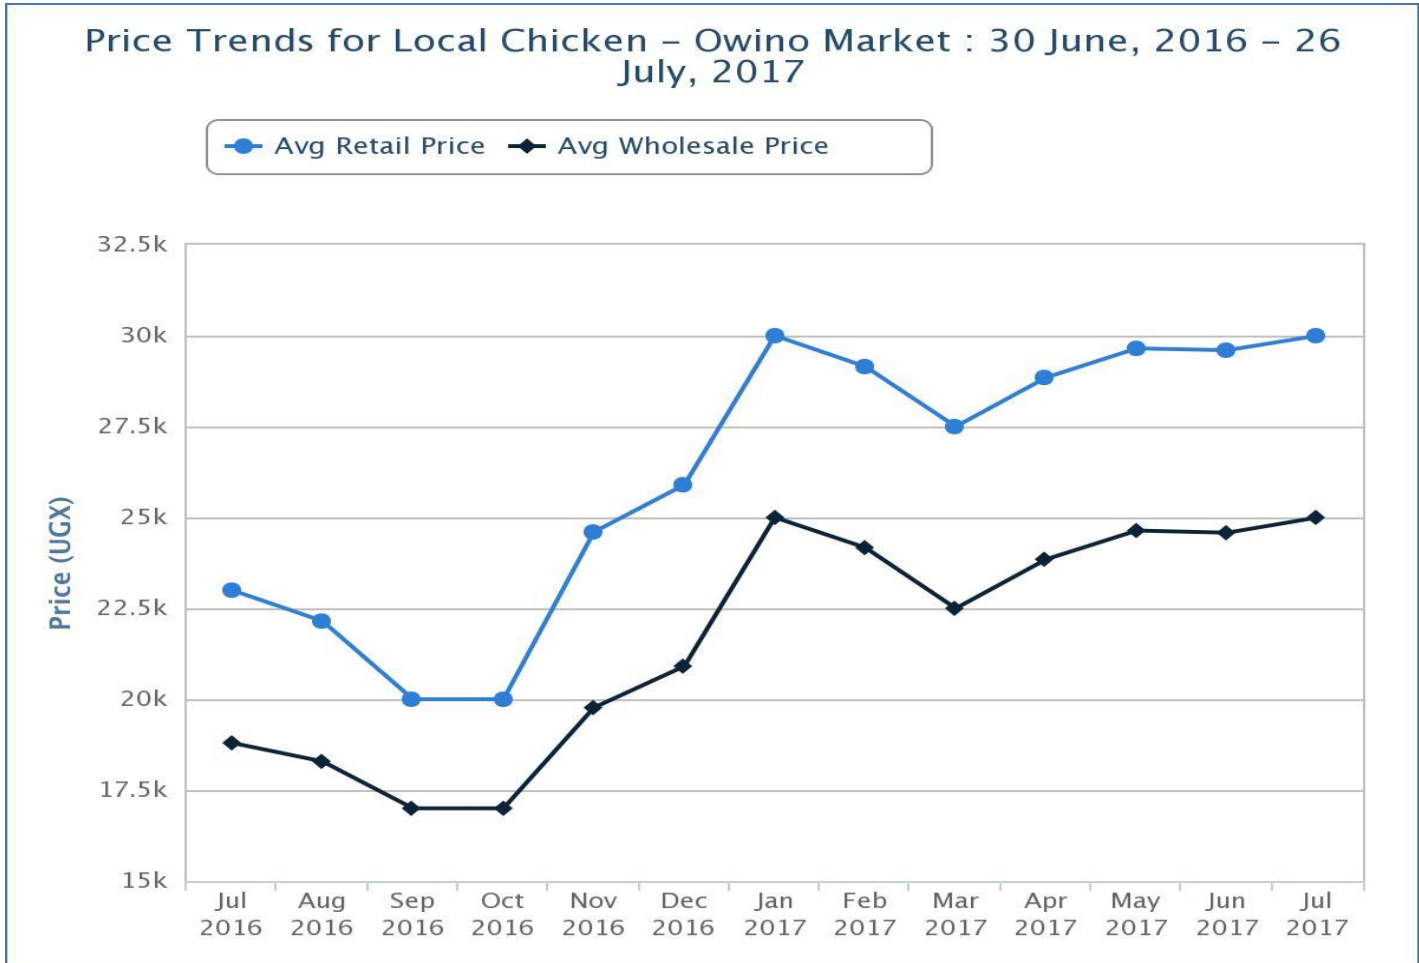

The average price of Exotic Chicken increases by Shs 150 and 300 retail and wholesale respectively. Among other reasons, traders attribute this to a hike in poultry feeds and the transportation costs from the poultry farms to the main markets and the low supply of birds from assembly markets following the high demand in the markets.

OWINO MARKET

The market has registered constant prices for all the commodities. Local Chicken prices are still high at Shs 30000 Retail and Shs 25000 Whole sale as well as the price of a Bunch of Matooke at Shs 25000 and 20000 Retail and Whole sale respectively.

Relatedly, the price of a kilogram of Maize Grain is high at Shs 1300 Retail and Shs 1000 Whole sale due to low supply to the market. It is worth noting that the Eastern region is the main supplier of Maize Grain and it has registered low harvest from the previous season.
