

HIGHLIGHTS

- The average price of Matooke across the markets drops.
- The average price of Nile perch increases across the markets.
- The average prices of Tilapia slightly increases in all markets.
- The price of Beef remains constant across the markets.

COMMODITY HIGHLIGHTS

Prices of Matooke a bunch were seen to have dropped from the previous week across most of the markets and this was attributed by traders to both the increased supply of the commodity from major producers like Mbarara and Kabale. However, the average prices of Nile perch, Pineapples and Maize across all the markets slightly increased by Shs 250 Retail and 200 Wholesale and Shs 100 both Retail and Wholesale respectively. Traders attribute this to the low supply of the commodities meeting the high demand from consumers.

The average prices of Beef, Irish potatoes and coffee (Arabic) were seen to have remained constant across the major markets due to the steady supply and demand for the commodity.

MASINDI MARKET

Prices of Apple Bananas, Beef, Coffee, Irish potatoes, Cassava Flour, Cow Peas, Local Chicken, Goat Meat, Nile Perch, Pineapples, SimSim, Sorghum Flour, Tilapia, Super Rice, Soya Beans and Groundnuts among others remained constant in the market. Traders attributed the constant prices to the steady supply of the commodities from neighboring markets as well as the demand for the commodities.

Amongst all the commodities Matooke registered the greatest increase with Shs 650 for Retail and 300 for wholesale. This is an indicator that there has been a relatively small variance amongst all the commodity prices across the market.

KALERWE MARKET

Majority of the prices in the market were seen to have dropped and only a few increased. However, Matooke registered the highest drop of Shs 3350 for both retail and wholesale, this was followed by cow peas with shs1000 retail and shs850 wholesale. This drop in prices is attributed to the abundant supply of the commodities.

Pineapples, Upland rice and Simsim are the few commodities that registered an increase in prices although with a minimal variance
