

HIGHLIGHTS

- Maize Grain prices drop in Nakasero Market
- Increased supply of Yellow Beans in Jinja Market thus drop in prices
- Decrease in Milk prices across most Markets
- Increase in Matooke prices across most Markets

COMMODITY HIGHLIGHTS

The price of Milk a litre was seen to have decreased with a variance of shs 100 on wholesale and shs 150 on retail due to increased rains thus availability enough feeds for example Masindi market. Nakasero Market experienced a drop in prices of some commodities like Maize Grain which the farmers cannot export because of the current instability in Kenya. There was however a boom in business at Nakawa Market due to the Trade Fair which happened at Uganda Manufacturers' Association (UMA) Showground in Lugogo.

MATOOKE

Reports indicate that the price of Matooke has generally increased as compared to previous months, except in Iganga market where it dropped by shs 1000 on both wholesale and retail. Nakasero market reported a scarcity of Matooke with the wholesale and retail prices both increasing at an average of shs 5,000. The increase in prices was due to low supply of the commodity in the markets and yet demand remained high.
